### Librarian's Report

During the year 1928, practically the same routine has been carried on as during previous years. On July 4th, when Middleton observed the two hundredth anniversary of its founding, the library was glad to open its doors to the public, from ten in the morning until the afternoon exercises were over. The library became a sort of social center.

The library has been open each Tuesday evening, also Saturday afternoon and evening, except Tuesday evening, December 25. Christmas was the only holiday falling on a library day this year.

The circulation of books has been 8,683, which was 1,441 more than during 1927. The number of non-fiction borrowed was 1,034, which was but a small percent of the entire circulation, yet it was a slight gain over the non-fiction circulation of last year.

The reading room has supplied its visitors with the following magazines (\* shows gifts) American Magazine, American Boy, Atlantic, Century, Country Life, Harper's Monthly, Munsey, National Sportsman, Review of Reviews, St. Nicholas, Scribner's, Woman's Home Companion, Popular Science, World's Work, Youth's Companion, \*National Republic, \*Our Dumb Animals, \*American Legion, Outlook, Life, \*Christian Register, \*Christian Science Sentinel, \*Essex Farmer and Home Maker, and \*Dearborn Independent.

The Woman's Educational Association of Boston loaned us a picture exhibit of "Famous Cathedrals," in January, and a set of pictures on "Costumes in Europe," in December. From time to time exhibits of pictures are loaned us by this Association, and it is well worth the time of more of our people to show an interest in these pictures. The exhibits usually remain with us one month.

This year the library was much pleased to be able to award eighteen certificates to pupils of the seventh and eighth

grades, for having read five books each, (and writing reviews of these same books,) from the approved State Reading List. We hope that many more such certificates will be awarded this coming year.

The librarian attended a four day institute at the Hyannis Normal School, during the first week of May. The program was a most helpful and practical one, especially to librarians in the smaller towns. This institute was in charge of the Division of Libraries of the State Board of Education.

The librarian wishes to express appreciation and thanks to the trustees for their continued willingness to co-operate in the management of the library during the past year.

Respectfully submitted,

EDITH L. FLETCHER, Librarian.

## Report of the Assessors

### Year Beginning April 1, 1928

---

The total valuation of the Town of Middleton on April 1, was \$1,726,168 an increase of over \$90,000 over 1927. The value of assessed personal estate was \$112,325; buildings \$1,223,100 and land \$390,743.

There are in Middleton 1,045 buildings assessed, of which 440 are classified as dwelling houses. There are 1,404 separate items of land making up the 8,360 acres assessed in town. The number of assessed male polls (as of April 1, 1928) were

360. The number of persons assessed on property was 791, and on poll taxes alone 95, a total of 886.

The amount of money appropriated by the town was \$56,008.79. This with \$6,487.06 in state and County taxes, and other miscellaneous items, made a total of \$62,495.85 to be raised. This amount was reduced somewhat by receipts from the State and Income Tax, and School accounts, from the reserve and various miscellaneous sources. The net amount raised by taxation on polls and property was \$46,617.25.

Your assessors this year were very pleased to be able to announce a tax rate materially lower than last year. This was accomplished partly through the comparatively large amount of building during the past year and the conservative adjustment of assessments. Middleton has shown a very satisfactory increase of taxable property in the past few years, not only in the several summer camp developments that got under way this past year, but in the natural healthy growth of the town.

Respectfully submitted,

MAURICE E. TYLER

## Anniversary Committee

---

At the regular Town meeting held in March, 1927, it was voted to celebrate the 200th Anniversary of the founding of the Town of Middleton on some suitable date in 1928. A committee was appointed for this purpose and the wishes of the voters were carried out. It was voted to celebrate this Anniversary with proper observances on July 4, 1928.

The day was opened with a big bonfire on Wills Hill, touched off at 12.01 A. M. The summit of the hill was black with spectators and the fire was voted as one of the best on the North Shore. This feature was in charge of J. Roy Osborne and Richard Floyd.

The daylight ceremonies were inaugurated with a flag raising at 8 A. M. by the Augustus P. Gardner Post 227, American Legion.

A parade, consisting of three divisions was formed at 10 o'clock on South Main Street. The line of march extended to the Essex County Sanitorium and back to the square, where the parade was reviewed by the Town Officials and invited

guests. The marchers were under the leadership of William H. Young, commander of the Legion Post.

A band concert was held in the afternoon, followed by addresses by Rev. Warren P. Landers of Dorchester, a former pastor of the local church, and Congressman Connery of Lynn. A balloon ascension ended the daylight exercises and the celebration was brought to a successful close by a fine display of fireworks.

Chairman Roger F. Clapp sent the following telegram to President Coolidge: "The Town of Middleton celebrating its 200th birthday today, congratulates you on attaining your 56th."

### Superintendent's Report

---

To the School Committee of Middleton :

Madam and Gentlemen :

Subscribed please find my fifth annual report as superintendent of schools. This report covers the fiscal year ending December 31, 1928.

As has been said in previous reports, the period covered by the school report includes parts of two different school years. Conditions before and after a summer vacation may, and generally do differ so greatly that a general report covering a fiscal year may be misleading. Changes in the teaching staff which usually occur during the summer may produce a very different school atmosphere for the month following the long vacation. So also an increase in enrollment in a small school system like this may cause a complete readjustment and produce entirely new conditions.

The past year has been marked by the very changes mentioned and has given rise to several new requirements both in administration and in teaching force.

The six school months from January to June was a period of excellent progress in all departments of our school activities. There were two noteworthy accomplishments in this period.

Through the efforts of the school nurse, Mrs. Roundy, a dental clinic was again held in the school building. Dr. W. J. S. McNally was the dentist in charge and he did an excellent piece of work. He was particularly nice with the younger children and the clinic was surprisingly free from those scenes often produced by frightened youngsters. This project had the financial backing of the town authorities, without whose help the clinic would have been impossible. A very fine piece of work in oral hygiene was accomplished. Many children

will in later years have reason to be thankful for the attention received. Without the clinic they might not have had treatment in time to prevent conditions which would later prove a severe handicap.

Another important clinic was that for the retarded pupils. Those who were three or more years retarded were given a very thorough mental, physical, and what might be called social examination. Searching histories of every child were secured. From the combined findings of the physician, psychiatrist, and the social agent a study was made to determine whether there be need for a special class for the mentally retarded in this town. From their findings it seems that there are reasons other than actual lack of mental ability to account for the excessive retardations. I suspect that one of the greatest of these is carelessness in school attendance. Children cannot expect to attend school only now and then and keep even with the regular attendants.

The opening of schools in the Fall brought a complete change in conditions. Many new children appeared so that at one time there were over two hundred in daily attendance. Extra seats had to be purchased and more children seated in the rooms in the new addition than the plans had allowed for. All of the other rooms had their full quota. The lower grades were specially hard pressed to seat all comers.

A careful study of the situation showed the need of help for at least four of the five teachers in the building. It was finally decided to employ a coach teacher. This teacher was to take children from grade two thru grade six who were experiencing difficulty in any phase of any subject and give them the special attention they so sadly needed. They were treated individually or in small groups, as occasion demanded. Careful attention was given to diagnosis of difficulties and remedial teaching. A whole grade was also assigned to this teacher

for certain periods of the day, thus allowing the regular room teacher to give more time to her remaining group.

This scheme has worked remarkably well. Each room teacher who has received assistance has remarked on the very evident value of the coach teacher. As time advances the children themselves will begin to appreciate what is being gained in this coaching class.

The teacher selected for this work is Miss Eileen Lillis of Peabody, a graduate of the Salem Normal School in the class of 1928. Miss Lillis had no precedents to follow in this work. She has had to meet each day as it came, with little real chance for preparation. That the work has proven of value is a credit to her adaptability to conditions as they arose. Her spirit of co-operation has been a help to success.

Aside from the addition of Miss Lillis to the staff there was but one change during the summer. Miss Mina Noyes accepted a position in her home town and was succeeded by Miss Margaret Berry of Salem, a graduate of Salem Normal School. This young teacher was placed in a difficult situation for her initial work as a teacher. Her room has a large seating capacity and was filled to that capacity with children of the fifth and sixth grades. This is a test for a seasoned campaigner and it is to Miss Berry's credit that she has stood the test. Grades five and six are made up of children of an age not always easy to control. This is especially true when there are older pupils mixed in the group.

Music and Drawing have been under the same efficient supervision as in the recent past.

Especially good work was done in penmanship during the year ending in June. A list of names will be appended giving names of those winning awards for excellency and progress in this one of the "Three Rs". This work is being continued and should show equally good results during the current school year.

Mrs. Roundy as School Nurse has continued her excellent leadership and supervision. Under her direction the various clinical aids to better health have been carried through. The town is fortunate in the quality of service she renders.

A glance at the tables showing school enrollments, given below, may surprise those who did not believe that the number of school children in the town would ever increase materially. These figures, taken as of October first, show that the two hundred mark has already been passed. This is to be anticipated in towns located as in Middleton.

From year to year there is a gradual influx of new children in addition to those of local birth. There may not be a marked increase in any one year, but a gradual growth is to be expected from year to year.

on the

## **Proposed By-Laws**

### **of the Town of Middleton, Mass.**

---

#### **CHAPTER I—TOWN MEETINGS.**

SECTION 1. The annual meeting for the election of officers shall be held in March of each year. There shall be a meeting at least ten days before the annual town meeting to take action on appropriations and other matters such as may legally come before such meeting.

SECTION 2. All warrants for town meetings shall be served by posting up attested copies thereof in at least three public places in the town and at such other places as the Selectmen may designate, at least seven days before the time of holding such meeting.

SECTION 3. The finance committee shall provide themselves with copies of all articles in the warrant for the annual or special town meeting involving the expenditure of money, and shall report thereon.

SECTION 4. When any Town meeting shall be adjourned, excepting from day to day, by reason of the regular business of the meeting being unfinished, the town clerk shall cause notices of the time and place of holding such adjourned meeting to be duly posted in the public places mentioned in section, which notice shall also state briefly the business to come before the adjourned meeting, and shall include notice of all pending motions.

## CHAPTER II—GOVERNMENT OF TOWN MEETINGS.

SECTION 1. Town meetings shall be governed according to the rules of parliamentary practice so far as they are applicable and inconsistent with the law. No person shall speak more than once upon the same question to the prevention of those who have not spoken and who desire to speak thereon.

SECTION 2. The presence of thirty voters at a town meeting shall be required to constitute a quorum, except for a motion to adjourn for which no quorum shall be required; provided however, that no vote carrying the expenditure or appropriation of any sum of money shall be held to be invalid by reason of lack of the required quorum, unless it appears from the records of the Town Clerk that before the result of such vote was declared the question of the presence of a quorum was duly raised and that such record shows that the required quorum was lacking. This section shall not apply to those parts of meetings devoted exclusively to the election of town officers.

SECTION 3. All articles in the warrant shall be taken up in the order of their arraignment, unless otherwise decided by a two-thirds vote.

SECTION 4. When a question is before the meeting the Moderator shall receive no motion that does not relate to the same except a motion to adjourn, or some other motion that is privileged in its nature, and shall receive no motion relating to the same, except:

1. To lay on the table.
2. For the previous question.
3. To postpone to a time set.
4. To commit, or recommit.
5. To amend.
6. To postpone indefinitely.

And the motion shall have precedence in the order in which they are arraigned. The motion to adjourn whenever the effect of an adjournment would be to dissolve the meeting, and the motions to lay on the table and for the previous question, shall be debatable for not more than ten minutes and no person shall speak for more than two minutes.

SECTION 5. Whenever any matter has been referred to a committee and the report of the committee thereon has been presented, and has been read before the meeting, the reports shall be regarded as accepted and the committee discharged. The recommendations of the report if any shall be treated as motions under the article or articles to which they relate.

SECTION 6. If an article of the warrant has been acted upon and disposed of, it shall not be reconsidered at that meeting, or any subsequent meeting, except by a two-thirds vote.

SECTION 7. At every adjourned town meeting, the reading of the records of the next preceding meeting shall be first in order.

SECTION 8. Whenever any question before the town meeting involves the raising, paying or appropriating of money of the disposing in any manner of any property belonging to the town or any interest thereon, the vote upon such question shall be taken by ballot, provided that five or more voters so request by raising there hands.

### CHAPTER III—FINANCE COMMITTEE.

SECTION 1. The Moderator shall upon his election at the next annual town meeting following the adoption and approval of these By-laws, appoint from the voters of the town who shall hold no office from which they receive compensation from the town, two members to serve for three years, two

members to serve for two years, and one member to serve for one year. Thereafter the Moderator upon his election at the annual town meeting shall appoint such members to fill the vacancies which will be occasioned by the expiration of the terms of the members whose terms expire in that particular year. The terms of said office of said members shall expire at the final adjournment of the annual town meeting.

SECTION 2. The Finance Committee shall elect one of its members chairman, and shall elect a clerk who shall keep a record of the doings of the Committee.

SECTION 3. It shall be the duty of the Committee to investigate the cost of maintenance and the expenditure of the different departments of the town and recommend in detail in the annual town report of the amount of the appropriation for each department of the ensuing year.

On or before the fifteenth of January of each year, each department shall present to the Committee an estimate in writing of its expenditures for the year next ensuing. Before making recommendations of appropriations for departments of the town the finance committee shall hold at least one public hearing in relation hereto, after first notifying the head of each department, the selectmen, and the first petitioner of each petition presented for articles in the warrant carrying appropriations, of the time and place of such hearing. The failure, for any reason of the committee to make such report shall not effect the legality of any action taken at any meeting.

#### CHAPTER IV—LAW COMMITTEE.

SECTION 1. The Board of Selectmen shall constitute the law committee and shall annually appoint an attorney-at-law to act as town counsel, who shall be paid such salary as the town votes.

SECTION 2. Such committee shall have authority to institute, prosecute, defend and compromise all claims and litigation to which the town is a party, and to employ special counsel to assist the town counsel, whenever in their judgment necessity therefor arises: Provided, that in no case shall a settlement be made by the payment of more than \$200

SECTION 3. The term of office of said town counsel shall begin on the first day of April of each year and shall continue until the appointment of and acceptance by his successor.

SECTION 4. The town counsel shall draft all bonds, leases, obligations, conveyances and other legal instruments, and do every professional act which may be required of him by the town, board, department, committee, commissioners, or town officer. When requested he shall furnish a written opinion of any legal question that may be submitted to him, and he shall at all times furnish legal advise to any officer of the town who may require his opinion upon any subject concerning the duties incumbent upon such officer by virtue of his office.

SECTION 5. He shall prosecute all suits ordered to be brought by the town or the law committee, and shall appear before any court in the commonweath in defense of any action or suits brought against the town or its officers in their official capacity, and also shall try and argue any and all cases in which the town shall be party before any tribunal, whether in law or equity, in this commonwealth, or before any board of referees or commissioners.

#### CHAPTER V—CONTRACTS BY TOWN OFFICERS.

purchase which he or any board of which he is a member makes on behalf of the town.

SECTION 2. No member of the Board of Selectmen, either personally or through any of his employees, or through any other person, shall receive any compensation, except his official salary, for work done or materials furnished by him or them for the town.

SECTION 3. No town officer and no salaried employees of the town shall sell material or supplies to the town without the permission of the Board of Selectmen expressed in a vote which shall appear on their records with the reasons therefor.

SECTION 5. The Town Auditor in his annual report shall call attention to any apparent violation of this by-law which may come to his notice.

SECTION 6. *Proposals.* When the estimated amount of a proposed contract exceeds \$ , proposals shall be called for in the manner provided in this section. Such calls for proposals shall be advertised in the local newspaper, and by posting notices in three or more public places in the town, or by advertising in two Boston daily newspapers, not less than three times in each, at intervals of two days, the last publication to be at least two days before the opening of the bids. The advertisement shall require such proposals to be sealed and properly designated, and shall announce the place, day, and hour at which they will be opened. The bids as received

shall be deposited in a box securely locked, and at the time and place named shall be publicly opened in the presence of a majority of the Board of Selectmen or committee authorized by the town to make the contract. No bids shall be received after the time advertised for the opening. As far as practicable, contracts for less than \$ , shall be awarded in such manner as to secure reasonable competition.

SECTION 7. *Contracts for Public Buildings.* No contract or change of contract, or order for labor or materials involving the expenditure of money from the appropriation for the construction of any public building, shall be valid until countersigned by the chairman of the Selectmen and recorded in a book to be kept for the purpose. This section shall be written or printed upon every contract for the construction of any public building.

#### CHAPTER VI—MAINTENANCE OF TOWN PROPERTY.

SECTION 2. No building owned by the town shall be erected, nor shall any alteration or repair of such building be made except in case of special emergency if the estimated cost of such erection or repair shall exceed \$200, unless the contract therefor is advertised and awarded in accordance with the General Laws of this commonwealth.

#### CHAPTER VII.

The Selectmen shall cause the report of the Accountant with the accounts and statements upon which it is based, the report of the Finance Committee, and the warrant, to be printed for distribution among the taxpayers of the town, and they shall cause the same to be distributed to the legal voters of the town at least seven days before the annual town meeting for the election of officers.

SECTION 3. Any board or committee having in charge any contract work or undertaking of any nature, for which any special appropriation has been made, shall in the annual town report make a statement of the condition of such contract work or other undertaking, with a report of all receipts, expenditures and indebtedness incurred by said board or committee to the date of said report, and an estimate of the amount of money necessary to finish said work.
